Architectural Premium Lightings

LED LIGHTS

ABOUT VABGLOW

Established in the year 1925, Bharat Laxmi Stores has been into the business of Electricals and Lightings fulfilling the demands of Construction Industry, Hotel Industry, Hospitals, Commercial and Residential With Growing demands, we stepped into the LED market. Our Company has Developed and Designed various exclusive quality products for commercial and residential projects.

We innovate and inspire with light. We explore various facets of it to illuminate ideas and enrich human experiences. Experts who that understand and deliver optimum lighting solutions as per our clients' requirements.

We offers enery-efficient LED lighting solutions for an array of requirements & needs for indoor living to everything. This catalogue demonstrates our existing & new range of lighting products which have been the backbone of the business for decades

VABGLOW

Just Glow Everyday

At VABGLOW we work with light. We understand its properties and effects, how and why it works. As Professional Lighting Designers we create innovative solutions that bring out the true essence of the space and form.

VABGLOW Research & Development

Lighting Innovation - Product Development & Design

We excel in lighting innovation are often those that foster a culture of experimentation, encourage creative thinking, and prioritize adaptability. They are quick to recognize emerging trends, seize opportunities, and swiftly bring innovative solutions to market.

Factory Innovation - Crafting Excellence

Our researchers are continuously developing new materials and nanotechnologies to enhance the performance and efficiency of LEDs. Innovations in materials science enable the creation of LEDs with improved thermal conductivity, light extraction efficiency, and color rendering capabilities.

Machining Center - Precision Meet Artistry

LED housings are often making from materials like aluminum or other metals to provide thermal management and protection for the LED components. Machining centers are used to mill and drill these housings to precise specifications, ensuring proper fit and functionality.

Exquisite Workmanship - Quality & Beauty

Exquisite workmanship in LED making involves attention to detail, precision engineering, and craftsmanship to create high-quality LED products. Here we are showing some aspects of exquisite workmanship in our LED manufacturing.

Seamless Assembly - Precision & Safety

As we are focusing on precision manufacturing, careful alignment, appropriate bonding techniques, and thorough quality control, manufacturers can achieve seamless assembly in LED production, resulting in visually appealing products with high performance and reliability.

Packaging & Delivery - State Excellence

Every VABGLOW product undergoes painstaking preparation & packaging, ready to transport. As trusted Brand VABGLOW delivers Excellence to the Customers around the States.
